TO WHOM IT MAY CONCERN

This serves to confirm that I Rodney Chelladu attended the Scaffold Safety Control Inspection Course facilitated by Duane Genders of S.G.B in September 2005.

The course was made very interesting and facilitated effectively by Mr Genders. The material and contents proved to be useful and effective to myself.

Duane's willingness and pro-active response in resolving unexpected problems, as well as the manner in which he conducted the course, proved his commitment to ensure that all persons understood every module of the course. His attitude and approach towards the learners were humble.D

I therefore do not hesitate in recommending Mr Genders to any organisation

Yours Faithfully
